

ONE BTN BOSSES?

• One button boss is a boss that can be defeated with a single button press.

• This is a common trope in video games, often used as a joke or a challenge.

• Examples include the "One Button Boss" in the game "The Legend of Zelda: Breath of the Wild", where the player must defeat a boss using only the "A" button.

• Another example is the "One Button Boss" in the game "Super Mario Bros.", where the player must defeat a boss using only the "A" button.

• The "One Button Boss" is a common trope in video games, often used as a joke or a challenge.
